TAYLOR TALENT PARTNERS

Contingency Recruiting Agreement

Jarod Taylor Enterprises LLC d/b/a Taylor Talent Partners (Agency) and the client identified on page 2 (Client) enter this nonexclusive recruiting agreement on the last signature date. It applies to searches for clients other than law firms.

When a placement fee applies

Circumstance	Client obligation
Client hires a candidate	A hire is covered if the candidate accepts an offer for any role or engagement, direct or indirect, within 18 months of Agency's first written introduction. An offer accepted within this window is covered even if work starts later.
Client refers the candidate	Client owes the same fee if it shares the candidate with a parent, subsidiary, affiliate or unrelated third party and the candidate accepts an offer resulting from that referral within the original 18 months.
Client already knows the candidate	To exclude a candidate, Client must provide dated evidence within five business days after the introduction showing two-way communication with the candidate about a specific opportunity during the preceding 90 calendar days, measured from the introduction.

How the fee is calculated

Salary-based fees **exclude bonuses, commissions, equity, and other variable pay**. Before Agency submits candidates, both parties will confirm the role title and rate by email. For an ambiguous title, the agreed rate controls. For a different role, confirm its title and rate by email before an offer. Chief of Staff is an Individual Contributor.

Title or Level	Placement fee payable in USD
Individual Contributor, Manager, Director, or Vice President	25% of annual base salary.
Chief, Head or Managing title	20% of annual base salary, except Chief of Staff.

Contractor arrangements	Placement fee payable in USD
Contract without base salary	Apply the title rate to all fees guaranteed under the initial contract. If there is no guaranteed minimum, agree on the fee in writing before the candidate accepts.
Contract extension	If the contractor accepts a longer term within the original 18 months, Client pays the title rate on the new term's guaranteed pay. If no minimum is guaranteed, agree on a fee in writing before the contractor accepts the extension.
Conversion to employee	If the contractor accepts an employee offer within the original 18 months, Client pays a separate conversion fee of **12.5% of annual base salary**, regardless of title. Contractor placement and extension fees are additional, with no offset.

Offer acceptance and payment

Upon acceptance, Client must report the agreed title, compensation and start date in writing, including for referred hires. **The full fee is due in USD on the earlier of (1) 14 calendar days after the candidate accepts the offer or (2) the candidate's start date.** For an extension or conversion, use its own acceptance and start dates. The fee is earned when the relevant work begins. If it never begins, Agency will refund any prepayment in full and waive any unpaid fee for that engagement. Convert foreign compensation at OANDA's daily average USD rate for the payment due date. If unavailable, use the most recent prior published rate for that currency pair.

Invoices and transfers. Agency will invoice upon notice of acceptance, state the due date, and issue an updated invoice the day it learns of an earlier start date. Client will pay in USD by ACH or wire using the invoice instructions. Payment is timely when Agency receives the full invoiced amount by the due date. Client covers any transfer fees deducted from its payment.

90-day placement guarantee

If the original hire resigns or is terminated for performance within the first 90 calendar days, **Client may choose one remedy below**. Client must have paid the full fee by its due date and must notify Agency in writing of the departure and its choice within 10 business days after the hire's last day.

Circumstance	Outcome
Client chooses a refund	Refund = placement fee × (90 – calendar days engaged) ÷ 90. Count both the start date and last day. Agency pays within 30 calendar days of receiving Client's written election.
Client chooses a replacement	Agency will conduct one search for the same role at no additional fee. The obligation ends when the replacement starts or on the first anniversary of the original start date, whichever comes first, even if the role remains open. The replacement carries no further guarantee.
Excluded departures	The guarantee excludes layoffs, role elimination, departures caused by material changes to pay, duties or work location, and completion of an engagement as agreed.

Termination, disputes and international searches

Termination. Either party may terminate by written notice. Each prior introduction retains its original 18-month protection. Payment and applicable guarantee obligations survive.

Disputes. Texas law governs. The parties consent to exclusive jurisdiction and venue in the state or federal courts in Travis County, Texas. If Agency prevails in an action to collect an unpaid fee, Client will reimburse its reasonable attorney's fees and court costs.

International searches. Mandatory local law controls where applicable. Where local law requires different terms, the parties will sign a country-specific addendum before the affected search begins. The addendum controls only to the extent of a conflict.

Acceptance

Use the email addresses below for written notices. The parties may sign electronically and in counterparts.
